

Cholera Death Toll In Egypt Now 161; 114 Cases Reported

CAIRO, Oct. 2.—(AP)—Egypt's cholera death toll mounted today as the health ministry listed 68 new fatalities from the dread disease.

The ministry said 114 new cases and 87 suspected cases had been reported yesterday.

Disabled Veterans Meeting Thursday

All disabled veterans of World War II were urged Thursday to attend a meeting at the American Legion Hall at 9 p. m. Monday to complete organization of a Navarro county chapter of Disabled American Veterans.

At a recent meeting, J. Mack Jones, city engineer, was named temporary commander.

He asked that all disabled veterans in the county who are interested in joining the group, attend the Monday night session.

RICH COAL FIND— Australia Sees Fuel Famine Aid

Cliff of Coal 68 feet high uncovered in Australia.

By GORDON TAIT
AP Newsfeatures.

SYDNEY—Australia's coal famine may be eased in the near future by open-cut development of an enormously rich coalfield at Blair Athol in the northern state of Queensland.

Government officials estimate that at least 200,000,000 tons of high quality steam coal is deposited there in massive seams just below the surface.

Men who know Blair Athol say it will yield the cheapest coal in the world at a cost of 50 to 60 cents a ton. Transport costs, however, would have to be added.

At present the Queensland government is negotiating with an English engineering concern, Electric Supply Corporation of England, which is seeking rights to develop the field, build a railroad to the coast, develop its own port, and provide its own colliers for export.

The corporation is reported prepared to spend \$75,000,000 on the project and would aim at a yearly production of 3,500,000 tons—500,000 tons for Queensland, 1,000,000 tons for other Australian states, and 2,000,000 for overseas export.

Blair Athol is 190 miles northwest of Rockhampton, and 130 miles from the coast. Its coal, first found in 1894, has been taken for several years by the open-cut method by two small companies, at present producing around 250,000 tons a year. The coal, however, today has to be hauled 239 rail miles to the coast at Rockhampton on a narrow gauge rail line.

The Electric Supply Corporation is seeking to build a railroad for 70-mile an hour, 1,000-ton capacity coal trains and to take over the interests of the two small companies.

Surveys have disclosed a vast basin of coal. Beneath a light overburden is a top seam five feet

thick, and a few feet lower is the main seam with a maximum thickness of 30 feet. Below that is another seam, four to seven feet thick.

Australia's need for more coal is urgent today. Best estimate of this year's production is 10,500,000 tons, compared with 12,000,000 tons in 1942. Coal deliveries to most users throughout Australia are restricted.

Prior Approvals For Terrace Construction

The Navarro county ACA is issuing prior approvals for construction of 1947 terraces, members of the Navarro ACA committee announced Wednesday.

"It is necessary that you be ready to begin construction immediately, before we are allowed to issue you this assistance," the committee explained.

"You will be requested to complete the terraces by Dec. 1, 1947, or the approval will be canceled. It was emphasized that no funds were available for any 1947 practices except terraces but that adequate 1948 funds are at hand for Austrian winter peas and vetch.

Screen Actors Guild Protests Film Ban

HOLLYWOOD, Oct. 2.—(AP)—The board of directors of the Screen Actors Guild announced today that it had adopted a resolution protesting the action of the Memphis, Tenn., censorship board in banning the film "Curley" in that city.

"As actors and as American citizens, we protest such intolerance and prejudice vented against a wholesome comedy merely because it shows white and colored kids playing together," the resolution stated.

Member of the county ACA committee are Homer A. Scott, Elmer D. Smith and John G. Christain.

From where I sit... by Joe Marsh

"It's Living
That Counts"

I stole the title of this column from a magazine article that said a whole lot better than I can what farm and country life can mean.

We talk about farm profits, production, research, and mechanical improvements... but isn't it true, what we really value is the life country living offers us?... the chance to be close to our families and neighbors... children sharing in the chores... working with our own hands at a worthwhile job.

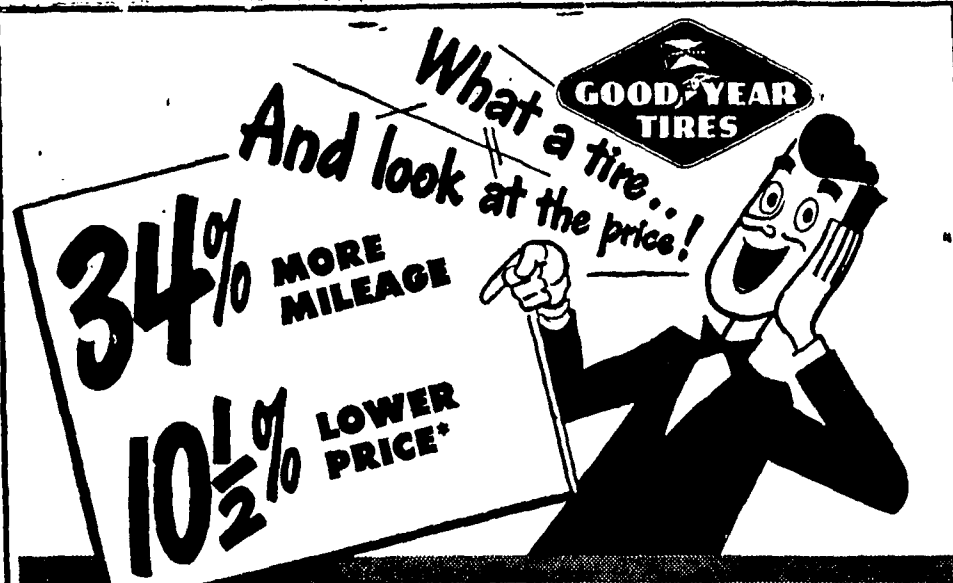

And country pleasures are simple: good talk at day's end, and

a glass of mellow beer with friends... the companionship of man and wife, untroubled by distractions of the city... the mutual tolerance of one another's tastes—in choosing a friend, or a glass of beer, or a candidate for Governor.

Mind, I'm all for material improvements. But from where I sit, the real goodness of our country life is that spirit of tolerance, moderation, and good fellowship.

America Virtually At War With Reds, Rev. Norris Says

FORT WORTH, Oct. 2—(AP)—The Rev. J. Frank Norris, pastor of the First Baptist Church, said here upon his return from a two-month tour of Europe and the Near East that America is virtually at war with Russia.

"The Russians have been pulling a bluff, and the bluff has been called," he said as he stepped from a plane yesterday at Municipal Airport.

"We can lick them now, but if we wait five years it will be too late," he said.

Approximately 1,000 members of his church were on hand to greet him. They sang hymns as he walked from the plane to the administration building of the airport.

"England is gone and the present Socialist government there should have no support from the United States," he said.

He accused the British as persecuting the Jews.

He quoted the Pope as saying "The time has arrived when all Christians must unite against the Atheistic, materialistic and Communist thought that is seeking to overthrow the world."

The Rev. Mr. Norris will speak on his travels Sunday at LaGrave Field.

TEEN TALK

Dear Judy,

This is hayride time for the kids who can locate a bale of hay and a wagon. City pigeons should have enough of a ven for the country to organize a week end hayride party out of town.

One enterprising group in New York advertised in a newspaper appealing to farmers for a hay-filled wagon that they could hire for the day. They did it and it proved loads of fun—the farmer supplied the hay wagon, horses and even some food for a small sum.

Some Maryland teen-agers had an old-fashioned straw ride, each boy and girl chipping in 25 cents for their food and cost of the wagon. They took hot dogs to roast, a basket of apples and a driver who could carry a tune.

Group singing while the ride is in progress puts up the party. Usually school songs are first, popular songs and then some old favorites such as "Sweet Adeline" and "Harvest Moon."

Of course you'll want to have

a campfire—and be sure when you pick a site for it that it is free from litter, rubbish, rotten wood, fear mold and dry grass, suggest the Camp Fire Girls. Clear away all inflammable material within a radius of three to five feet. In national forests, make it at least ten feet.

When you select fuel, remember the best cooking fire is a small one. Cooking is done over the coals, not over a bonfire that blazes several feet high.

Soft woods usually produce quick hot flames that soon die down; hard woods burn steadily and produce lasting coals. For kindling

use dry, soft woods. Don't make the mistake of carting along too many different kinds of food which require cooking. It is best to take gobs and gobs of two things and preferably something that has been precooked, than to fuss around waiting for a chance to cook it. A good combination is hot dogs and beans. You can cook the beans beforehand and have them all ready to heat. Another combination is hamburger and spaghetti—the spaghetti also can be cooked before you arrive at the camp fire site.

Long knitted gloves or mitts of angora are being needed together by college girls for fall football games. Many of the kids are making scarfs and socks. Some are trimming their mittens with sequins for after-dark wear.

A cobbler quickie and other neat treats by Carol Drake

COBBLER QUICKIE:

Cover bottom of well-greased square cake pan with fruit about 2 inches deep—cherries, sliced apples or what-have-you. Mix topping of 1 cup each flour and brown sugar with some cinnamon; cut in 1/4 cup shortening; sprinkle over fruit; pat down. Bake at 350° F. about half an hour. Easy to eat.

HAWAIIAN DELIGHT MUFFINS bring island magic right to the table. Into 2-cup-flour muffin recipe, fold 1 1/2 cups crushed pineapple, not drained; use required egg and shortening but leave out liquid. Pour into small muffin cups; bake at 425° F. 20 minutes till golden brown. Try with fruit salad or for Sunday morning breakfast.

FOR REALLY BROWN GRAVY EVERY TIME, browned flour does the trick. To make it, put 2 cups flour into frying pan; stir and stir until well browned. Keep in tightly covered jar until gravy time. Then blend a small amount into hot meat drippings. Proceed with gravy-making.

JIFFY APPLE PIE: Slice apples into greased casserole; sprinkle liberally with cinnamon and sugar, dot with butter and top with rich pastry. So good! Make it even better! Spread meringue over crust of baked pie (beat granulated sugar into stiffly beaten egg whites, 2 tablespoons per white); sprinkle with slivered toasted almonds. Brown in moderate oven—about 15 minutes.

Fill the cookie jar with new goodies. Write for the free leaflet, "Cookie Ideas." Address your request to Carol Drake, The Homemakers' Bureau, Box 2110, Dept. C.I., San Francisco 28, Calif.

Carol Drake, Director
The Homemakers' Bureau
An Extra Safeway Service

P.S. For better baking: Always sift flour before measuring and hold sifter high (about 8 inches above surface) so air can lighten flour as it falls. Makes for more accurate measuring.

WHAT'S COOKING Today?

By CHARLOTTE ADAMS
The Friday Meal

Clam Bisque
Buttered Carrots
Spinach Patties
Chicory, Cucumber and Relish
Sauté
Fresh Cantaloupe Cup
(Recipes Serve Four)

Fillet of Sole
4 fillets of sole
1/2 pound butter
1/2 cup margarine
2 tomatoes
1/2 cup cream
1/2 pound mushrooms
chopped fine
1 medium-sized onion, thinly sliced
Salt
Pepper
1/2 cup cream
Spinach, cooked
Parmesan cheese

Melt butter or margarine in skillet. Sauté the mushrooms and onion lightly. Add tomatoes when mushrooms and onions begin to cook. Sprinkle with salt and pepper. Lay fish fillets on top of the whole. When onions and mushrooms are done, place skillet in 350 degree oven for about 10 minutes, or until fillets are tender. Cook spinach in water which clings to leaves after washing thoroughly. Drain and form into four flat cakes. Place in a shallow, well buttered baking dish and carefully place the fish on top of each spinach patty. Cook the sauce remaining in the skillet on top of the stove until it is about a half cupful. Whip cream and blend into sauce, keeping the heat very low. Pour this sauce over the fish and spinach and sprinkle with grated Parmesan cheese. Brown quickly under broiler flame.

Bell Point

BELL POINT.—(Spl.)—Mr. and Mrs. Tom York entertained as week-end guests, Mr. and Mrs. Hilary Williamson and family and Mr. and Mrs. Hartman of Fort Worth.
Misses Alpha and Barbara Cunningham were Sunday visitors in the home of Mr. and Mrs. Tom York.
Miss Elizabeth Jayroe was hostess on Sunday to Misses Helen and Verline Williamson of Fort Worth and to Misses Faye, Joann Irie and Vivian Faye Greenlee of Bell Point.
Mrs. T. G. Patrick and sons, John and Billy, entertained with a dinner Sunday to honor Mr. Patrick on the occasion of his 56th birthday. Present to wish him many happy returns of the day were the following daughters, sons-in-law and grandchildren: Mr. and Mrs. T. D. Farmer and children, Frances, Jessie, Tommie, Elizabeth, Emma, Rita Ann and June; Mr. and Mrs. Irby Thomas and sons, Kenneth and Van; Mr. and Mrs. Johnnie Brown and children, Elizabeth and Johnnie Wayne; a nephew, Clyde Bentley and Mrs. Bentley of Kerens, Mr. and Mrs. Tom Stewart of Streetman and Johnnie Ray Jayroe of Bell Point were also dinner guests.
Arthur Farmer of Angus, visited Leslie Farmer and family last week.

Betty Ann and LaVerne Jayroe were Sunday visitors at the home of Odessa Jayroe.
Mr. and Mrs. W. C. Henthorn and children of Itasca were guests of Mr. and Mrs. Tom York last week-end.

Barry

BARRY, Oct. 2.—(Spl.)—Mr. and Mrs. P. D. Williams of Dallas visited relatives in Barry Thursday afternoon.
Mr. and Mrs. Carroll Boswell of Bryan spent the week end with their parents, Mr. and Mrs. L. C. Boswell.

B.F. Goodrich Tires

Now at LESS than PREWAR PRICES!

Better come a running at fire engine speed because every mile you're not on B.F. Goodrich Silvertowns you're the loser. People say we're prejudiced when we tell them the new Silvertown is the king pin of the highway; that is, they do well they find their car rolls thousands of miles farther than on any tire they ever used. They are flabbergasted when we tell them Silvertowns are sold at less than prewar prices.

OUTWEAR PREWAR TIRES!

There's a secret to the Silvertown's superior performance... it's the wider, huskier "road level" tread. Better stopping! Less wear! More mileage! Lower cost per mile! Put your car on B.F. Goodrich Silvertowns. Every B.F. Goodrich Tire Carries This LIFETIME GUARANTEE "Every tire or tube of our manufacture bearing our name and serial number is guaranteed to be free from defects in workmanship and material without limit as to time or mileage."

BOY SCOUT ACTIVITY IN COUNTY LIKELY TO REACH HIGHEST LEVEL IN YEARS WITH SCHOOLS CENTER

"Mister, I want to be a Boy Scout. Who do I see?" That question, or ones just like it, has been thrown at many of the volunteer workers in the Navarro District of the Boy Scout movement many times during the past few months.

Thrown by boys who want to get in the movement but don't know where to go or who to see.

J. L. Shanks, Scout field executive for this district, got a few of the requests himself. But he had no place to send the boys. Scout activity had dropped off alarmingly during the summer, and few troops were active, because of lack of help by grown-up volunteers and the general slacking off during the summer vacation period.

But Shanks has a place to send them now, no matter where in Navarro county they live.

Schools Help Program

With the schools once again in operation, Boy Scout activity in the county shows promise of being at its highest level in years.

All boys who have reached the age of 12 may become Scouts in troops in their neighborhoods or churches in Corsicana. Corsicana boys who have become nine years of age may join a Cub Pack at one of the ward schools.

Outside of Corsicana, troops have been formed at Frost, Rice, Blooming Grove, Kerens, Richland, Streetman and Wortham. Dawson and Roane are in the process of re-organizing troops there. Cub Packs are already operating at Barry, Kerens and Frost.

Church Troops Active

Many of Corsicana's churches are forming or re-organizing Boy Scout troops. Boys who go to these churches have but to attend the troop meeting and contact the Scoutmaster, who will tell him just how they can be Scouts.

The Third Avenue Presbyterian Church has formed Troop 240, which meets on Tuesday nights at 7:30 under the leadership of Harper Linscum.

Ernest Jones is scoutmaster of the Eleventh Avenue Methodist group, Troop 242. Its regular weekly meetings are set on Tuesday nights at 7:30.

Troop 243, at the First Methodist Church, meets every Monday night at 7:30 under the direction of Hayden Crawford. Troop 258 also meets at the same church, but on Thursday nights at 7:30 under Scoutmaster H. R. Stroube, Jr.

Garland Kent is scoutmaster of Troop 244, which meets at the Methodist Church each Thursday night at 7:30.

L. I. Griffin is the scoutmaster of Troop 241 in Rice, and directs the meetings each Tuesday night at 7:30. Prospective scouts in Rice should see Alvin Inman, scoutmaster of Troop 252, which meets at the First Presbyterian Church in Kerens each Tuesday night at 7:30.

In the southern part of the district Richland's Troop 281 meets each Wednesday night at 7:30 in the Scout Room there. The scoutmaster is Guy Campbell. Troop 283, in Streetman, meets each Tuesday night at 7:30 at the school there. In Wortham, Troop 284 meets each Friday afternoon at 4 o'clock in the Scout Room, with Scoutmaster Truitt Fulcher.

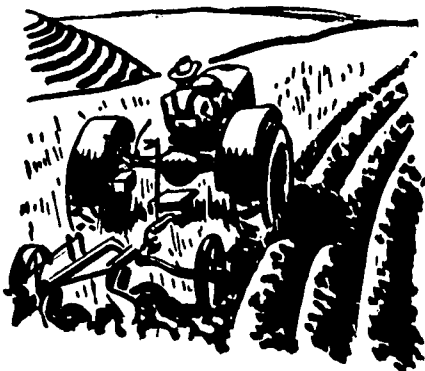

Troops 253, in Dawson, and 259, in Roane, are in the process of being reorganized, to give prospective Scouts there a chance for membership. New troops are being activated at Powell and Mildred.

There are approximately 200 men and 400 boys in the Navarro District participating in the Boy Scout program. In the Navarro District, 32 women are serving as Den Mothers for the Cub-Packs.

District Officers

N. Suttle Roberts is the District Chairman, and Tom Bailey and Louis David are the vice-chairmen. Chairmen of the operating committees are Cy Tekell, Finance; John McAdams, Organization and Extension; R. S. Reading, Leadership Training; Joe York, Camping and Activities; C. Elliott Middleton, Advancement; and Maurice Young, Health and Safety. Gaston Gooch is the district commissioner. Each of these men have committees working with them on the different phases of scouting.

A Look at the Loan Picture

Last year the banks of the United States made the equivalent of one agricultural loan to every U.S. farm family. These loans totaled \$4,195,491,000—and there was over 7½ billion dollars more available at the banks for farm loans if it had been needed.

Your bank is the logical place to get a loan.

sonary Baptist Church at 7:30 on Monday nights.

Troop 245 at the First Baptist Church is being reorganized. Boys wishing to become a member of this troop should call C. O. Ferguson, committee chairman.

Troop 255 meets at the Zion's Rest School on Friday nights at 7:30. R. O. Marshall is the scoutmaster.

Troops are to be organized at the Churches of Christ in the near future, and boys belonging to these churches should contact their pastors.

P. T. A. Sponsors Cubs

Boys between the ages of 9 and 12 may become Cub Scouts by joining Packs sponsored by the Parent Teachers Associations. The active packs are as follows:

Pack 3258, which meets at the Sam Houston school on the third Friday of each month at 7:30 p. m.; W. J. Deford, at 2502-J, is the leader.

Pack 3257, which meets at the Travis school on the last Friday of the month at 7:30 p. m.; I. B. Daniel is the leader, and can be reached at 1255-J.

Pack 3280, meeting at the Lee school on the last Friday night of each month at 7:30. Don Winslow, at 2197-J, is the leader.

Elsewhere in the Navarro District, outside of Corsicana, the boys will get a chance to join Scout troops in a number of towns.

D. B. Palmer is in charge of troop 239 in Frost, and meetings are held each Monday night at 7:30 at the high school there. Blooming Grove has Troop 246, under the direction of A. R. Sisson. The troops meet in the First Methodist Church each Thursday night at 7:30.

L. I. Griffin is the scoutmaster of Troop 241 in Rice, and directs the meetings each Tuesday night at 7:30. Prospective scouts in Rice should see Alvin Inman, scoutmaster of Troop 252, which meets at the First Presbyterian Church in Kerens each Tuesday night at 7:30.

South District Troops

In the southern part of the district Richland's Troop 281 meets each Wednesday night at 7:30 in the Scout Room there. The scoutmaster is Guy Campbell. Troop 283, in Streetman, meets each Tuesday night at 7:30 at the school there. In Wortham, Troop 284 meets each Friday afternoon at 4 o'clock in the Scout Room, with Scoutmaster Truitt Fulcher.

Troops 253, in Dawson, and 259, in Roane, are in the process of being reorganized, to give prospective Scouts there a chance for membership. New troops are being activated at Powell and Mildred.

There are approximately 200 men and 400 boys in the Navarro District participating in the Boy Scout program. In the Navarro District, 32 women are serving as Den Mothers for the Cub-Packs.

High Cost of Eggng Saves Their Faces

SAN JOSE, Calif.—(AP)—Judges at the Santa Clara County Horsemen's Association horse show provided spectators with tomatoes

and eggs—good ones—to throw if they didn't like the decisions. But practically nobody, naturally, would throw any away.

It Happened 25 Years Ago Today

(From the Files of the Corsicana Daily Sun)

The first meeting of the Corsicana Chamber of Commerce following the summer season was slated to take place tonight. The program for the meeting was to be under the direction of a committee composed of W. P. McCann, Mrs. L. A. Johnson, Mrs. L. E. Kelton, L. C. Colson, A. A. Wortham, Mrs. W. F. Dunn, J. S. Murchison and Mrs. J. D. Cunningham.

The Commercial Hotel opened its third floor and dining room after a sumptuous 8 o'clock dinner. Ex-

tensive repairs had been made throughout the hotel.

The much-publicized Navarro County Historical Pageant, with a huge cast of 2000 performers, ran off its final performance before a capacity crowd.

The personal income tax of John D. Rockefeller, the largest in the country, was assessed at two million dollars.

CHARLES LUCKMAN IS RELATIVE OF LOCAL MAN; VISITED HERE

Charles Luckman, chairman of the citizens food committee appointed by President Truman, who became boss of Lever Bros., at the age of 37, with a salary of \$300,000 a year, is a cousin of Mose Miller of this city.

Luckman, when a boy, accompanied by his parents, has visited in the Miller home here on numerous occasions.

In a recent article in Time Magazine Luckman is described as the "jet-propelled wonder boy of U. S. Sales promotion."

According to Time, "Luckman is a quiet, soft-spoken, unassuming, with an old man's wisdom in handling other men, an impish sense of humor, a rare flair for showmanship."

A native of Kansas City he graduated from high school at the age of 16, with top honors in a class of 2,000, and was president of the class.

After making several starts in various lines of business he secured a "temporary" salesmen's job with Colegate-Palmolive-Peet at \$125 a month.

From then on his rise in the business world has been one of the most spectacular and successful ever recorded in the United States.

U.N.

CONTINUED FROM FIRST PAGE

will take the Italian case and those of other Soviet-vetted countries—Finland, Austria, Ireland, Portugal and Trans-Jordan—to the larger forum of the general assembly.

The ballot on Italy was one of a series of votes taken in the 11-nation council, which split evenly along the usual East-West line. Not one of five applicant countries considered yesterday received the required veto-free majority. Russia also vetoed Finland, Hungary, Romania and Bulgaria, opposed by America and Britain, failed of approval because they could not get the necessary affirmative majority of seven.

Today Russia's string of vetoes stood at the total of 22.

The Security Council was not the only U. N. agency tied in knots by the East-West row, however. The 57-nation General Assembly was so badly deadlocked over efforts to fill remaining prospective vacancies in the Security and Trusteeship Councils that it gave up the whole effort, called off temporarily any more meetings in its big auditorium at Flushing Meadows and returned to Lake Success to committee work.

Mr. Farmer

Bring us your hens, fryers and eggs. We will pay you the highest market price in cash.

BURIAL

CONTINUED FROM FIRST PAGE

On Oct. 25 ships bearing the dead from Henri Chappel cemetery in Belgium will reach New York port.

Dead Bodies.

Removal of the bodies will be by cemeteries. From two to three years will be required to complete the program, Col. Castle said.

Distribution Center.

"Your boy will be placed in a casket at the foreign graveside," he told the survivors. "Renovated Liberty ships will be used to return them to either the New York or San Francisco ports. From there they will go to distribution centers."

Highly trained ship crews and escort details will accompany the bodies across the sea.

"The flags on these ships will fly at half mast. Every precaution will be taken to avert a wreck that would mean loss of an extremely valuable cargo. The ships will be painted, they will be clean."

"Your boys will never travel as freight," he told the group later. "Your government will pay the railroad passenger fares on them. Reconverted hospital cars will be used to transport them in the United States. These cars will be carried on regular passenger trains."

Scores False Stories.

The colonel lashed at false stories regarding shipboard methods of the government in making final identification of the dead soldiers.

"The stories imply the U. S. government is taking part in a deception by making promiscuous identification. The stories are false," he said.

"We have 17,000 unknown soldiers resting in U. S. cemeteries on foreign soil. Were the stories true we would not have them."

He said of the 35,000 American soldiers who were killed, 50 percent died in hospitals after battle, with a large part of the remaining 50 percent having been killed by either bullets or shrapnel. In some instances, he said, there were violent deaths that made identification impossible.

Navarro County Dead.

All Navarro county dead to be returned will be handled through Fort Worth quartermaster depot, Col. Castle said. He told the group that should the next-of-kin desire, two of the three national cemeteries in Texas are available for further interment. They are located at Fort Sam Houston and Fort Bliss.

Col. Castles explained the four options the next-of-kin has, and added that the war department has no preference. Should the survivors wish the body returned to a private cemetery at home, the war department will deliver the body to the local undertaker without charge. On private funeral arrangements the department will pay a maximum of \$75. If the body is brought back for interment in a national cemetery the government pays all expenses.

Next-of-Kin.

The seniority of next-of-kin also was outlined. Col. Castles explained that a father makes the decision if a son was unmarried. If the soldier was married, then the widow is entitled to make the decision, provided she has not remarried or divorced or separated at the time of death.

Although there were 130 Navarro county men who died on foreign fields, the crowd here Thursday was estimated at 70. American Legion officials assisted Col. Castles and Shag Floore, information specialist, in conducting the session.

BUSES

CONTINUED FROM FIRST PAGE

formal conference in the commissioners' room at the city hall and was given authority to make the changes. He added he did not want to make the north run change, but had to because of bad streets. He loses money making the change, he told Davant.

Prince Gives View.

Fred D. Prince, acting mayor, said he believed the change in schedule was sanctioned by the commission in one of the conferences, but the matter has never been brought out in open session. Residents, apparently, were not given an opportunity to voice protest against a change in the north run.

Regardless, the city commission when it goes into session Oct. 21, will find the petition protesting the action awaiting them.

On that date, also, an ordinance giving the company a new six-year franchise comes up for first reading. At the last meeting of the commission, Julius Jacobo, city attorney, was authorized to draw the ordinance whereby the company pays a two percent gross revenue tax to the city for the privilege of operating its buses over city streets.

Against Change.

Davant indicated strongly Thursday that he would be against approving the new published schedule if the bus riders in the Picklin and Jester additions were protesting vigorously.

The aftermath of proposed changes caught the city short-handed. Mayor Hubert T. Brasenton and Commissioner Edgar Ritzler, who were in New York attending the World Series games.

Petition Circulated.

The petition which was being circulated for signatures Thursday read:

WHEREAS, on October 3, 1947, the DeLuxe Bus Company was the sole and only regularly scheduled, low cost intra-city public transportation available to the citizens of Corsicana, such exclusive privilege being granted by the Honorable Mayor and City Commission, although said bus company, to our best knowledge and belief, has operated without formal franchise for the period of about six (6) months, and

WHEREAS, on October 3, 1947, said bus company proposed to make arbitrary changes in schedules and routes of its city bus lines, for its own profit, and to the serious damage and injury to the citizens of Corsicana, without obtaining the proper permission of the Honorable Mayor and City Commission in open session, and

WHEREAS, such proposed changes would decrease service by one-third on the North Run, by eliminating one bus out of three presently scheduled per hour, and would re-route said North Run, reversing its present course, eliminating efficient service to the entire Jester and Picklin additions where it is desperately needed, and forcing passengers to tour the Eastern portion of the city before arriving in the business area, and

WHEREAS, the above mentioned acts of said bus company, un-sanctioned by the Honorable Mayor and City Commission, and based upon the citizens of Corsicana without proper notice or discussion, imposes upon the public as passengers of said bus company multiple discomforts, inconveniences and injury, now

THEREFORE, we, the undersigned citizens and taxpayers of the City of Corsicana, State of Texas, do hereby pray and respectfully demand that the Honorable

CLUB NEWS

Emhouse 4-H Club.

The 4-H club of Emhouse met at the Emhouse school on Monday and elected officers and demonstrators as follows: President, Ruth Gamble; vice president, Betty Bob Collins; secretary-treasurer, Zella Harrison; reporter, Patricia Toldan; song leader, Joan Parich; recreational leader, Phillie Ann Gray; sponsor, Mrs. Chas. Collins; gardening demonstrator, Sue McNeill; sewing demonstrator, Geraldine Farmer.

Oak Valley H-D Club.

The members of the Oak Valley Home Demonstration Club met on September 25 in the home of Mrs. W. N. McNeill and answered roll call with the number of lamps they are making.

Mrs. C. M. Stover and Mrs. O. E. Scarborough were named to attend the demonstration on making serving trays. Mrs. T. E. Young and Mrs. W. A. Lawler and Mrs. John Redders were named to appoint the officers for the following years.

Refreshments were served to eighteen members. The next meeting will be held at the home of Mrs. John Ware on October 9.

Zion's Rest 4-H Girls.

The girls' 4-H group at the Zion's Rest school met on Monday afternoon for the election of officers. The members received their yearbooks and discussed how to make a wastebasket.

Officers elected were Nedra Jo Humber, president; Mildred Joyce Owen, vice president; Doris Jean Callaway, secretary and treasurer; Faye McMullan, reporter; Mary Carolyn Pearson, song leader; Betty Ann Hawkins, program and recreation; Darline Rich, clothing demonstrator; Yvonne Greenup, garden demonstrator.

Mayor and City Commission of said city and state reject the application of the DeLuxe Bus Company for changes in its schedules and routes as they relate to the North Run, and summarily order schedules and routes in effect before October 3, 1947, be maintained, or reinstated, should they be changed before such proper application is made.

Mr. and Mrs. W. H. Anderson of Kerens were spend-the-day visitors in Corsicana on Sunday.

NAVARRO COUNTY 4-H BOYS, GIRLS WILL ATTEND FAIR

Approximately 200 Navarro county 4-H club boys and girls will be represented at the State Fair of Texas on Saturday, Oct. 4. Assistant County Agent Frank Gracey said Tuesday. Some exhibits will be taken along, he said.

They will be guests, along with 45,000 other 4-H and FHM youths who will be fed five tons of fried chicken, two tons of ham, one and one-half tons of cheese, 9,000 loaves of bread, 250 crates of apples and 45,000 packages of potato chips.

Lunch boxes will be prepared at Waco for the young farm visitors, it was announced.

The order for chicken was handed Youngblood Poultry Farms of Waco and Dallas last week by the Dallas Chamber of Commerce. A special crew will be required for cooking the chickens; 12 trucks will stand by to haul the lunches to the Fair Grounds.

SCHOOL

CONTINUED FROM FIRST PAGE

and both veterans, said a decision for the walkout was made after a meeting last night at President McLeod's home. There, said the students, they presented to McLeod, representatives of the faculty, and trustees, a list of student grievances.

The spokesmen said there was segregation of sexes on the campus outside of class rooms; students had no representation in disciplinary matters; student organization was prohibited, and there was "unorthodox failure" of students.

Attempts to organize a student

council were blocked last spring and again this fall. Willie and Jones said. Also, football players were placed at an academic disadvantage in class rooms, they asserted.

They said the football team was backing up the stand of the student body and had said it would not play Prairie View in the Dallas Cotton Bowl Oct. 13 unless student grievances had been satisfied.

Mrs. Rubie Milligan of Richland and Ennis was a Corsicana visitor on Monday.

Captains Re-elected By Navarro Bulldogs

J. C. Collier of Corsicana and Jim Bob Ivey of Kerens, co-captains of the 1946 Navarro Junior College football team, were re-elected to the posts for the 1947 season at a meeting of the team last week. Coach Ken Clark has announced. Both Collier and Ivey lettered on the 1946 eleven in the first year of the college's existence. Collier is a back and Ivey a guard in the Bulldog lineup.

PLANS TO SECURE DESIGNATION FOR NEW HIGHWAY MADE

Plans to secure the designation of a new highway, linking Corsicana to Kemp, Kaufman county, were made at a meeting of citizens of Northeastern Navarro county and the good roads committee of the Corsicana Chamber of Commerce Thursday morning at 10 o'clock.

A tentative date for a hearing and conference with the Texas Highway commission October 24, was arranged by long distance telephone during the meeting.

The delegation including the commissioners court, the good roads committee, representatives of Chatfield, Montfort, Roane, Tupelo and other Northeast Navarro communities will go to Austin for the hearing. The matter will be presented to the Navarro county commissioners court for approval at its meeting Friday afternoon. It is expected

the court will pass a resolution approving the move and agreeing to co-operate in the project.

It was pointed out in the discussions that this quarter of the county did not have any highway accommodations east of Highway 75 and north of Highway 31, while other sections had one or two thoroughfares. It is hoped to have the route designated within the next few months, and efforts will be made to secure this road as soon as possible.

Among those present were J. F. Adams, chairman of the Corsicana Chamber of Commerce roads committee, who presided; J. N. Edens, Corsicana; J. C. McMullan, Chatfield, county commissioner; John Easterling, W. P. Thorpe, Earl Easterling, J. M. Hodge, J. J. Kelt and Tom Weaver, all of Chatfield; T. B. Curry, Alma Route 1; A. F. Mitchell, Corsicana; John J. Bryant, Roane and Corsicana; Tom Moore, A. R. May and E. P. Estes, all of Roane; W. L. David, Dwight Dickson, Alma, and Herman Brown, manager of the Chamber of Commerce.

HOW TO FIGHT FARM FIRES

FLAME-CONSUMED: A typical farm fire. Once started, such outbreaks are difficult to stop unless fire-fighting precautions have been taken.

AP Newsfeatures.

NEW YORK—Fires on farms in the United States are killing an average of 3,500 persons every year, injuring thousands of others and destroying \$90,000,000 worth of farm property, according to the National Board of Fire Underwriters.

"Thousands of tons of foodstuffs worth tens of millions of dollars, are lost in fires which level barns, granaries, mills, elevators and warehouses," the underwriters report.

Attributing nearly all farm fires to faulty building construction and lack of knowledge, the board's technicians have prepared a booklet on fire hazards in rural areas to promote fire prevention on farms.

"Unlike urban areas where fire protection and water supplies are adequate, farms often face total destruction when fire strikes," the engineers point out. "When fire destroys a farm, the loss of farm equipment, livestock and personal property often throws such an economic burden upon a family that they can not regain their financial independence.

Although fire insurance may cover the dollar value of physical losses the underwriters emphasize the cost of time and labor to rebuild, which they find "is usually far in excess of the value destroyed."

One out of every four fires on farms is classified as originating from an "unknown" cause. Engineers are convinced, however, that a large percentage of such "mystery" fires, which destroy the evidence of their origin, can be attributed to spontaneous ignition.

Among all farm fires of the last four years in which approximate causes could be determined, lightning led the field. Principal causes of rural fires were found to rank as follows:

Perct.	Lightning	Chimneys, flues, cupolas, stacks	Petroleum and its products	Matches and smoking	Sparks on roofs	Stoves, furnaces, boilers, pipes	Exposure	Spontaneous ignition	Electricity misused	Friction sparks from machinery	Hot ashes, coals, open fires	Miscellaneous
37	11	8	7	7	6	5	5	3	2	2	2	1

Total 100

"When fire breaks out on a farm," the experts warn, "the first five minutes are more important than the next five hours."

Four basic rules for action are suggested:

1. Remove all persons from the

building. Don't try to save valuables or pets. If you're trapped on upper floors close the door of the room first. Then throw a blanket from sheets or blankets, tie one end securely and slide to safety. Only as a last resort should you throw a mattress to the ground and jump. Use stairways only after taking great precautions. If the door of the room is hot to the touch, do not open it because superheated toxic gases may asphyxiate you. When venturing into hallways, cover face with wet cloth and crawl along the floor.

2. Telephone the alarm or send someone to summon aid. Fire department numbers should be memorized by each member of the family and also posted near the telephone.
3. After learning the location and extent of the fire, begin fighting it with any available equipment.
4. Protect other buildings and remove livestock from barns.

"In recent years," the underwriters observe, "the majority of states have authorized fire fighting services in rural areas." However, they emphasize:

"Fire prevention is also an individual responsibility."

MEAT

CONTINUED FROM FIRST PAGE

Official said farmers already are beginning to market hogs at lighter weights. Hogs sold at principal markets last week averaged 267 pounds compared with 287 a year ago.

Anderson suggested further reductions, with most hogs going to market at weights between 180 and 225 pounds.

Secretary of Agriculture Anderson told newsmen yesterday farmers could help save grain by selling hogs at much lighter weights and by abandoning, for the time being, the practice of fattening beef cattle to the top grade.

Cattle fall into four major grades—choice, good, commercial and utility.

The bulk of the grain used to produce choice, or top grade, cattle goes toward putting quality on the meat rather than in adding additional pounds.

Choice Beef Fatter.

Choice beef has more fat about it, particularly a mixture of fat with the lean, than the other lower grades. This additional fat contributes to the flavor of the meat. It naturally sells for higher prices than the other grades.

However, much of the extra fat on the choice cuts is in excess of the quantity which average consumers will eat along with the lean, officials said. As a consequence, much of this extra fat is

left on plates and goes to waste.

Officials said farmers already are beginning to market hogs at lighter weights. Hogs sold at principal markets last week averaged 267 pounds compared with 287 a year ago.

Anderson suggested further reductions, with most hogs going to market at weights between 180 and 225 pounds.

San Antonian Killed.

SAN ANTONIO, Oct. 2.—(AP)—Manuel Guajardo, 33, of San Antonio was wounded fatally here early today during an exchange of shots following an altercation, police reported.

A 34-year-old man was booked on a charge of murder.

BLAST AT OIL CITY IRON WORKS FOUNDRY ROCKS PART OF CITY

An explosion shortly after 6:30 o'clock Tuesday night rocked the southern section of Corsicana and was heard miles away.

The blast occurred in the furnace at the foundry of the Oil City Iron Works and an accumulation of furnace waste gas in the molten metal container was blamed as the cause of the explosion by Wm. Clarkson, president.

Clarkson said the explosion was a frequent occurrence, but that the one Tuesday night was considerably larger than usual.

Operations Interrupted

Operations at the foundry will be interrupted only one day, and the plant will be back in full

STITCH IN TIME.

A bit nervous of explosions, one having just jarred the city an hour before, a West Fourth avenue woman Tuesday night called the fire department to stop one before it got started.

A water heater was at the boiling point when Firemen Charlie Toman and W. O. Davis arrived.

They did a logical thing. They cut off the gas.

Working Thursday. A night shift was on duty at the time of the accident.

The damage was slight and no one was injured.

One of the latest crowds in years, however, of jittery and frightened citizens gathered almost as by magic, congesting the narrow dirt roads in that vicinity.

following the speeding fire trucks, ambulance squad cars, and others with business in that section.

Molten Iron Sprayed

The molten iron was thrown about the furnace, but an employee said the most damage was done to a coat belonging to a negro employee.

"What was that?"

Excited whispers and queries were made as the citizens hearing the explosion and feeling the quake-like tremors realized that it was a big explosion.

"Was it an atomic bomb?" went through more than one mind.

First Impression Fear

Visions of mangled bodies, destroyed machinery and property, death and destruction came to the minds of the firemen, ambulance drivers, squad cars of officers and others, as they sped, to the scene, expecting anything.

Instead of hauling out the dead and dying, the firemen and officers principal duty was in directing traffic and answering questions. Unsnarling of traffic jams was the main job left.

The dry, narrow dirt streets in that section were churned into dusty ribbons by the trucks, wreckers, and automobiles by the scores. There was little breeze to blow the rising clouds of sand from the vicinity.

Relatives Rush to Site

Relatives of employees at the plant were fearful, yet rushed to the site.

One woman appeared at the gate immediately north of the main building and inquired about her husband.

Assured by the man on the gate that her spouse was not hurt, she broke into tears of relief as she clung to the wire gate.

"Can I see him?" she asked.

And after an affirmative answer and the unlocking of the gate, the wife hurried toward the building in which the explosion occurred.

"You know, he was right at that furnace," the woman said to the gatekeeper, "and I just want to see him," as she entered the grounds.

The first report flashed over the telephone wires was that the plant had been razed by the blast, and from the noise, there was ample justification for such a fear.

Drew Gillen of Blooming Grove, former Navarro county commissioner, telephoned the Daily Sun a short time after the explosion for details of the mishap after meager reports had been heard there.

Other Plants in Area

The fact that several large industries and plants are located in that section caused an increase in the crowd rushing to the sector.

The Corsicana Cotton Mills, Southern Ice Company and the Magnolia Petroleum Pump Station in addition to the Whiteside Brick and Lumber Company and the Keen's plants are located in that area.

Southwestern Bell Telephone Company spokesman revealed the local switchboard was swamped

Commissioners in Session Friday to Complete Business

The county commissioners court will meet again Friday afternoon to complete business unfinished at its regular session Wednesday, County Judge L. L. Powell announced Thursday.

Final acceptance of bids for a road paving project between Parishville and Purdon probably will be effected at that time, the judge said.

The commissioners and Judge Powell plan to measure a fence at the county farm Friday afternoon to determine if all of it will be necessary to erect around the farm's cemetery. Unused portions will be sold to the TOOP, which had sought the entire iron fence for use at its orphan home here.

Salary increases authorized by the commissioners' court Wednesday for four deputy county clerks amounted to a total of \$35 per month. Clerk J. Vernon Harwell reported Thursday.

The pay boosts went to Chief Deputy Iva Whitton, from \$155 to \$160 monthly; Deputy Clerks J. M. Mullis, \$130 to \$140; Jesse J. White, \$115 to \$125.

Wallace Advocates Europe Aid Without Dictation by U.S.

PITTSFIELD, Mass., Oct. 2.—(AP)—Henry Wallace says congress should appropriate the \$18,000,000 relief loans that 16 European nations asked under the Marshall plan, but he wants no financiers and military men in Washington dictating the terms.

The former vice president moved into Western Massachusetts on the third day of his 11-day tour through New England, and he said he would accept the plan, but he wants no financiers and military men in Washington dictating the terms.

He told a Harvard University audience of close to 5,000 at Boston last night that there must be no attempt "to dictate to nations receiving aid the kind of internal economic and political structures they shall have."

Because he said financiers "believe private investment and profits are the chief motivating force in human society and military men are trained to believe that peace is maintained only by force," Wallace recommended that both groups "should be returned to private life."

"The heart of their policies," he said, "is the resurrection in Germany of an economic system of monopoly and cartelization which did much to promote Nazi aggression."

Round-Robin Flyers Delayed

HONG KONG, Oct. 2.—(AP)—Adverse weather today delayed the take off of George W. Truman of Los Angeles and Clifford D. Evans of Washington, D. C., on the homeward flight of their leisurely round the world flight in two small planes. They expect to leave for Tokyo tomorrow.

GERMAN GIRL SAVED FROM DEATH WHEN FOUND AS STOWAWAY

FRANKFURT, Germany, Oct. 2.—(AP)—A blonde German girl, put in a box for a dramatic stowaway flight to New York, was found disheveled but alive today at the Rhein-Main airport.

Fillets said the flight would have meant "certain death" for the girl because the box would have been stored in an unheated compartment where temperatures high above the Atlantic would have been below zero.

The girl gave the name of Doris von Knobloch, 21.

Airport employees who became suspicious and pried open the box found her wearing only a skirt and underclothing. She had donned a sweater, stepped out and appeared a bit dazed but not-chant.

Airport officials took custody of the girl.

An American soldier delivered the box yesterday to the airport where it remained overnight in a warehouse. The soldier said he would return today to pay for the freight.

Airport attaches said the box was addressed to "Mr. Ralph Berndt, 530 49th St. New York City," and that the girl apparently intended to join a former acquaintance in New York. They said the soldier apparently had no part in her future plans and had delivered the box only as a favor.

Persons seeing the box expressed amazement that the girl could fit into such a small space. The box measured 22 inches long, 21 inches wide and 24 inches high. The girl was in a sitting position, cramped over. She had room for some tea and slices of dark German bread.

NTSTC, Denton, during the week end.

Mr. and Mrs. George Erwin and son, Mickey, of Fort Worth visited her parents, Mr. and Mrs. Jim Stevenson, last week end.

Mr. and Mrs. Maxie B. Seale of Fort Worth were guests in the home of her parents, Mr. and Mrs. Louis Seale, last week.

Mr. and Mrs. Howell Redford attended the funeral of Sam Etheredge in Dallas last Wednesday.

Charles Reese, G. H. Wilemon and V. D. Bruner made a business trip to Brownwood Wednesday.

Mr. and Mrs. W. D. Bruner and sons, James and Robert, visited their son and brother, Dwain, at Baylor University Sunday afternoon.

Mrs. Myrtle Seale and Mrs. Zack Westbrook were Corsicana visitors Tuesday.

The next meeting of the Kerns Parent-Teacher Association will be held at the high school auditorium Tuesday night at 8:15.

Mr. and Mrs. A. R. Carroll and her mother, Mrs. J. A. Peak of La Porte spent the week end in Kerns with friends and relatives.

Mr. and Mrs. C. W. White of Tyler were Kerns visitors Saturday afternoon.

COMMISSIONERS IN SESSION FRIDAY TO COMPLETE BUSINESS

The county commissioners court will meet again Friday afternoon to complete business unfinished at its regular session Wednesday, County Judge L. L. Powell announced Thursday.

Mrs. Fannie Ousley, former Kerens resident, returned to her home in Dallas Saturday, following a week's visit in the home of Mr. and Mrs. G. C. Walker.

Misses Darrell Mabry and Jacqueline Reese and Richard Sanders, residents in Lubbock, after attending a week's visit in the home of Mr. and Mrs. G. C. Walker.

Mrs. R. D. Mabry visited her sister, Mrs. Mabry Preston, in Trinidad Tuesday.

Misses Martha Clayton, Mary Frances Hoxby, and Llanne Coates will be guests at Misses Jacqueline Reese and Darrell Mabry at

Negro Being Held On Theft Complaint

Neal Perkins, negro, is being held in the county jail in connection with a \$400 robbery of Norman Moffett, another negro.

A theft complaint against Perkins was filed with the county attorney Wednesday and he was arrested shortly afterward by Deputy Sheriff Raymond Myrick.

Myrick said the accused had \$377 with him at the time of his arrest. The money reported stolen included two \$100 bills and four \$50 bills, Myrick said.

Perkins' bond was set at \$1,000 by Justice of the Peace W. T. Johnson.
